## Thanksgiving Bingo

## Supplies:

Printer
Paper
Crayons or markers, if coloring Pennies or beans to act as a placeholder on boards

## Directions:

Print the game boards. There are 8 total. Depending on number of players, you will need to cut out a board for each player.

If coloring, use the master board chips as a guide and color each corresponding image the same as the master.

Once colored, cut out the master chips on dotted lines and place upside down on table.

The BINGO leader turns over a chip and calls out the image name. The first person to get all the spaces covered in a straight line wins the game.
