

APPLE STAMPING

WHAT YOU NEED:

- 2-3 Apples
- 1-2 Tbsp. Mini Chocolate Chips
- White Paper—12×12 inch
- Brown Paper—8×11 inch
- Craft Paint—red, green, yellow
- Glue Stick
- Scissors
- Paint Brush or Foam Brush

DIRECTIONS:

With the brown paper, cut 4 long strips and 4 short strips about an inch wide.

1. To make the basket, glue the long strips along the bottom half of the white paper. Leave a small amount of space between each long strip. Then, glue the short strips vertically on top of the long strips.
2. Cut the apples in half.
3. Paint the apple halves with one of the paint colors and stamp on the white paper to look like they are sitting in the basket.
4. Repeat painting the apples and stamping on the paper until the basket is filled up.
5. Place 2 or 3 mini chocolate chips on the middle of each painted apple to represent seeds.
6. Dry your print and display as you wish.
Happy Fall!
